The Rome International Choral Festival is one of Rome's premier annual summer music events. The festival chorus will include mixed-voice singers and choirs from across North America that will come together to rehearse and perform en masse under the baton of maestro Z. Randall Stroope. Tour and festival production is produced by Music Celebrations International.

BASILICA DI SAN PIETRO IN VATICANO

St. Peter's Basilica is one of four major basilicas of Rome. It is the most prominent building inside the Vatican City and built on the ruins of Old Saint Peter's Basilica. Directly to the east of the church is St. Peter's Square (Piazza di San Pietro), built by Gianlorenzo Bernini between 1636 and 1667. It is surrounded by an elliptical colonnade with two pairs of Doric columns which form its breadth, each bearing ionic entablatures.

BASILICA DI SANTA MARIA DEGLI ANGELI E DEI MARTIRI

The Basilica di Santa Maria degli Angeli e dei Martiri was built within the remains of the Diocletian Baths, a massive public bathing complex constructed by Emperor Diocletian in the 3rd-century AD. In the 16th-century, Pope Pius IV commissioned the renowned architect Michelangelo to convert the baths into a Christian place of worship. Michelangelo's innovative design transformed the structure into a breathtaking basilica that blends ancient Roman architecture with Renaissance elements.

Through our exclusive association with various governmental and tourist offices, MCI is able to help choirs perform in stand-alone concerts as part of the American Celebration of Music in Italy concert series. The following are examples of possible pre or post-festival tour extensions to consider.
